General Notes

This Program Completion Plan is designed for students entering UCA as a first-time freshman.

Students should consult with their advisors on a regular basis regarding admission, retention, and completion requirements of the BS degree. Students should be familiar with requirements in the current *Undergraduate Bulletin* related to all degree requirements.

Notes

¹ The BS degree is currently under revision to meet ACT 747 requirements and the new standards of the Commission on Accreditation of Athletic Training (CAATE). Further changes in the program will be made during the 2013-2014 academic year. For additional information, students should consult their academic advisor. A cumulative grade point average of 2.5 or higher on a 4.0 scale is required for admission, retention and completion of the degree. A professional GPA of 3.0 on a 4.0 scale on designated courses for admission, retention and graduation is required. See the current *Undergraduate Bulletin* for detailed information.

² See appropriate choices, alternatives, or substitutions, under "UCA Core" in the *Undergraduate Bulletin*. During the first year a student must complete a UCA Core course designated as a First-Year Seminar (FYS) in Critical Inquiry, Diversity or Responsible Living. The student will also need to complete major, minor or general elective courses designated as fulfilling the upper-division and capstone requirements of the UCA Core. Courses may be used only once to satisfy the UCA Core. If the ACT sub-score in Reading, English, or Mathematics is below 19, remediation is required before enrolling in certain UCA Core courses. Students needing remediation in reading or writing may not enroll in a FYS until they have completed their remediation. Students must take at least one course in the Fine Arts (designated FA) and one course in Humanities (designated HUM) as part of the lower division core requirements.

³ WRTG 1310 must be taken on initial enrollment unless the requirement was already met or remediation is required.

⁴ Students are recommended to complete an FYS section of KPED 1320. If an FYS section of the course is not available, students may complete a traditional section of KPED 1320. Students should consult their advisor to ensure they complete an FYS section of a course from either Critical Inquiry or a Social Science course (designated SS) within Diversity – World Cultures during the first year in order to meet UCA Core Requirements.

⁵ BIOL 1440 requires the following prerequisites: High school chemistry or CHEM 1301 (or above) and a composite ACT score of 21 or higher or BIOL 1400 and CHEM 1301 (or above) both with a grade of C or higher. Students not meeting the prerequisite requirements must have permission of the Biology Department Chair prior to enrollment.

Notes – *continued*

⁶ Students should refer to the current *Undergraduate Bulletin* regarding course prerequisites. For students who receive transfer credit for BIOL 2406 with a grade of C or better, PHYS 1400 or PHYS 1405 or PHYS 1410 or PHYS 1441 may be completed in lieu of CHEM 1402 or CHEM 1450. A grade of C or better is required in the approved PHYS course.

⁷ Students must enroll in a section designated for ATEP students. It is recommended that students enroll in KPED 1125 and KPED 1135 during the same semester.

⁸ Students must take at least one course in the Humanities (designated HUM) as part of the lower division core requirements. It is recommended that students select a HUM course from Critical Inquiry – Inquiry and Analysis. Whenever possible, it is further recommended students enroll in an FYS section of one of the HUM course. Students should note the following HUM courses have prerequisites: CHIN 2320 – Intermediate Chinese II or FREN 2320 - Intermediate French II or GERM 2320 – Intermediate German II or SPAN 2320 – Intermediate Spanish III.

⁹ In addition to PSYC 1300 – General Psychology students must complete an additional Social Science course (designated SS) in either the Diversity in World Cultures or in Responsible Living. Students in consultation with their advisor should refer to the current *Undergraduate Bulletin* and the UCA Lower Division General Education Check Sheet in selecting an appropriate SS course.

¹⁰ NUTR 1300 must be taken prior to admission to the program.

¹¹ Refer to the current *Undergraduate Bulletin* regarding BIOL 2406 for prerequisites and minimum grade requirements.

¹² KPED 1350 should be taken during the semester in which the student applies for admission to the program.

¹³ MUS 2300 – Music Appreciation within Diversity – Creative Works will fulfill the Fine Arts Core requirement. Students will want to consult with their advisor regarding this course selection in reference to their course selection in Critical Inquiry – Inquiry and Analysis – Fine Arts/Humanities. A Humanities course designated HUM will need to be completed.
